

Senior Project Manager

COMPANY DESCRIPTION:

Perceptron, Inc. is an established technology company with a long history of innovation. Our global infrastructure, technological breadth, brand recognition within the industry, and—most of all—our people, set us apart from the competition.

Perceptron develops, produces, and sells non-contact measurement and inspection solutions for industrial and commercial applications. Automotive and manufacturing companies throughout the world rely on Perceptron's metrology solutions to help them manage their complex manufacturing processes to improve quality, shorten product launch times, reduce overall manufacturing costs, and ultimately improve productivity. Additional information is available at www.perceptron.com.

Perceptron was recently acquired by Atlas Copco and a part of Atlas Copco's newly created division Machine Vision Solutions within the Industrial Technique business area.

Atlas Copco, a company established in 1873, based in Stockholm, Sweden has customers in more than 180 countries and 39,000 employees. Through Perceptron's position in automated metrology and robot guidance solutions, together with the recent acquisition of ISRA VISION, Atlas Copco is creating a strong offering in machine vision solutions. The customers will receive an increased support in their transition towards smart manufacturing and flexible automation.

WHAT CAN YOU EXPECT FROM US?

- An inviting, family-like atmosphere
- Ample opportunities for professional development
- New challenges and opportunities to learn every day
- A culture known for respectful interaction, ethical behavior and integrity
- A rewarding, forward-thinking company culture with excellent company benefits
- Comprehensive benefits package including competitive compensation, medical, dental, vision, life insurance, ST/LT Disability Insurance, and a 401k with Company Match.

Passionate people create exceptional things. At Atlas Copco we believe in challenging the status quo, always looking for a better way. Our leading-edge technology enables us to innovate for the future. We believe that people make it happen and with us you are empowered to act. Your ideas can make a real difference and contribute to the quality of life for people everywhere.
