

**Perceptron, Inc.** is an established technology company with a long history of innovation. Our global infrastructure, technological breadth, brand recognition within the industry, and—most of all—our people, set us apart from the competition. As part of the Machine Vision Division of the Atlas Copco Group, a world-leading provider of sustainable productivity applications, we stand for innovative and intelligent industrial solutions ranging from surface inspection to software-controlled robotics systems for smart factory automation.

Join our global team as:

## SENIOR FINANCIAL ANALYST

### Position Description

- Analyze operational procedures to ensure adequate controls are in place.
- Support the growth of the business with financial analysis, guidance, and support for strategic and tactical business decisions, including budgets and capital investment, among others.
- Provide leadership with timely and accurate responses to ad-hoc data and analysis requests.
- Partner with the business teams to improve processes, efficiency, and operational performance, as well as analyze sales and cost drivers and help identify cost saving and efficiency opportunities.
- Partner with global accounting and operations staff to ensure we obtain timely and accurate monthly financial information.
- Cost accounting background a plus.
- Prepare financial analysis and materials for management meetings.
- Ensure that key internal controls are in place and operating effectively, including proper SOX procedures, where applicable.
- Assist with the monthly close process, including journal entries, and account reconciliations.
- Assist with the gathering of information requested by our auditors and tax teams.
- All other duties as assigned.

### Candidate Requirements

- Bachelor's degree in Accounting or Finance.
- Minimum 5 years accounting experience or experience in a financial analysis role.
- Ability to lead and work within a multi-location environment.
- Self-starter who is action oriented, possesses a strong sense of urgency and able to work independently.
- Must be highly analytical, detail oriented with strong organizational skills and proven ability to interpret and synthesize data, making recommendations to drive business decisions.
- Problem solver; able to contribute new ideas and find solutions to business challenges.
- Excellent communication and interpersonal skills with the ability to articulate financial concepts to those where English is a second language.
- Experience with foreign currency translation.
- Experience with internal controls.
- Proficient in Microsoft PowerPoint, Excel, and Word.

## What can you expect from us?

- An inviting, family-like atmosphere
- Working for a fast-growing technology and market leader, as part of the traditional, globally operating Atlas Copco Group
- Extensive opportunities for continued development
- New challenges and opportunities to learn every day
- A culture known for respectful interaction, ethical behavior and integrity
- A rewarding, forward-thinking company culture with excellent company benefits
- Comprehensive benefits package including competitive compensation, medical, dental, vision, life insurance, ST/LT Disability Insurance, and a 401k with Company Match
