

Training Specialist

COMPANY DESCRIPTION:

Perceptron, Inc. (NASDAQ: [PRCP](#)) Founded in 1981, Perceptron is an established technology company with a long history of innovation. Our global infrastructure, technological breadth, brand recognition within the industry, and—most of all—our people, set us apart from the competition.

Headquartered in Plymouth, Michigan, Perceptron has approximately 330 employees worldwide. Perceptron has team members in over a dozen countries with offices in the United States, Germany, France, Spain, Brazil, Japan, Singapore, China, Italy, Czech Republic and India.

Perceptron develops, produces, and sells non-contact measurement and inspection solutions for industrial and commercial applications. The products from the Company's Industrial Business Unit (IBU) provide solutions for manufacturing process control as well as sensor and software technologies for non-contact measurement and inspection applications. Automotive and manufacturing companies throughout the world rely on Perceptron's metrology solutions to help them manage their complex manufacturing processes to improve quality, shorten product launch times and reduce overall manufacturing costs. Perceptron also offers Value Added Services such as training and customer support services. Measurement solutions include inline and nearline dimension gauging, CMM, 3D scanning, robot guidance, gap & flush measurement and wheel alignment solutions.

Perceptron is committed to satisfying both the needs of its customers and the needs of its team members. Our continued leadership role in our industry is dependent on attracting and retaining world-class employees who understand that delighting the customer is our #1 job. Our collaborative culture is rooted in a set of core values shared by Perceptron team members around the world. We call these beliefs the Five Diamonds:

- **Innovation.** Our quest for innovation springs from the unrelenting belief that what we did yesterday will not be good enough tomorrow.
- **Commitment.** Our commitment to our customers' demands that we are bound to their goals and invested in their success.
- **Integrity.** We are steadfastly dedicated to a strict ethical code which guides our decisions and governs our efforts.
- **Value.** We provide value by creating unique solutions that maximize our customers' return on investment.
- **Excellence.** We ensure excellence by taking responsibility for the entire lifecycle of a solution. A single breakdown, anywhere along the way, compromises the quality of the end result.

We offer a casual, flexible work environment, with opportunities for training and excellent benefits. Additional information is available at www.perceptron.com.

POSITION DESCRIPTION:

As a Perceptron **Training Specialist**, you will be responsible for scheduling and conducting training programs for customers and Perceptron internal personnel.

The **Training Specialist** will:

- Ensure that scheduled customer training is correct in content. Modify the deliverable to the specific needs of the plant and student when necessary.
- Assist with development of training materials for new products, applications, or other required deliverables.
- Training Specialists may be responsible for providing support services such as extended education, launch support, systems maintenance support as well as note and report additional opportunities discovered to account teams.
- Prepare and ship appropriate equipment for scheduled training events.
- Complete project records (Activity log, Expense report for each training class conducted).
- Collect sign in sheets, student evaluations and skills assessments and upload them to Perceptron's designated document storage system for record keeping and training manager review.
- Identify errors in the training materials, notes and correct as required in the source file. If unable to correct then notifies the training manager of the errors found.
- Check for content and proper operation of all training demonstration equipment prior to shipping to a site, and returned from a site.

Candidate Requirements:

- Bachelor's degree with 3 years of equivalent work experience in technical training or dimensional measurement or equivalent work related experience.
- Experience teaching/training adult learners (andragogy); technical writing and documentation skills.

OUR COMPREHENSIVE BENEFITS PACKAGE INCLUDES:

- Competitive Compensation
- Medical
- Dental
- Vision
- Life Insurance
- ST/LT Disability Insurance
- 401K with Company Match

- Employee Stock Purchase Plan
- Wellness Program
